

## Global Social Protection Week

# Achieving SDG 1.3 and Universal Social Protection (USP2030) in the Context of the Future of Work

### Speed Networking Marketplace

**Monday, 25 November 2019, 17:00-18:30**

**Tuesday, 26 November 2019, 15:45-17:00**

**Wednesday, 27 November 2019, 17:00-18:30**

### CONCEPT

The Speed Networking Marketplace provides a space for interactive exchanges with the aim of fostering network and knowledge sharing between people and institutions from different backgrounds on practical ways to achieve universal social protection.

In the Marketplace, attendees will have the chance to visit various stands and learn in more detail about country experiences, joint UN projects, tools, platforms, capacity building programs and other initiatives in the field of social protection.

### NETWORKING AT THE MARKETPLACE

Each day, a number of stands will be presenting in the Marketplace. The sessions will be facilitated by a moderator. Participants will select one stand of their preference to start. Once a group is formed, the group will spend 15 minutes in a given stand. The exchanges will include a 3-minute presentation by the stand facilitator, and 12 minutes for questions and exchanges. Participants will then form a group in another stand, and repeat the networking interactions around four times.

Participants are also encouraged to visit the stands of the Marketplace during pauses (coffee breaks and lunches) and informally interact with on-site facilitators.
